

AMMONIUM SULPHIDE (40% Solution)

BASIC INFORMATION

CAS Number	12135-76-1
Chemical Formula	(NH ₄) ₂ S
Molecular Weight	68

COMPOSITION

Appearance	Green / Yellow coloured liquid with strong odour
Assay	40% +/- 1%

MAXIMUM LIMITS OF IMPURITIES

Ammonium Carbonate	0.2%
Polysulphide	1%
Sodium	20 ppm

PACKING

50 kg / 200 kg HDPE Drums

Given above are our standard specifications. In case you have any additional requirements or have a more stringent limits of above parameters or for any other information contact
